10th March 2022

Clubs

In the next couple of weeks we shall be reintroducing some exciting clubs. All the children that started in January will have the opportunity to join first. It will then be offered to all the other children.

Thank you for supporting York Road by purchasing books from this shop. You have helped contribute £130 in donations for York Road. The deadline is 13th March for buying books and making a donation.

Diary Dates

Red nose day	18th March
Easter End of Term	4th - 18th April

Welcome to Preschool
Unfortunately due to Staff shortage Pre-school has not operated this week. We wish all the staff well.

Un-

CHICKS

Our chicks are rapidly hatching. They have moved out of the incubator and into their brooding box. The children will be able to hold them next week. Please ask your child about them.

Sarah (Hedgehogs teacher) will look after them at the weekend.

Look out on Tapestry and Facebook for postings.

If you would like a chick to keep, please speak to your child's teacher.

Parent Consultations

Don't forget Parent Consultations are happening Thursday 10th and 17th March - If you have not made an appointment with your child's teacher, please speak to them.

If your child is in **FOXES** or **LADYBIRDS**, you will be informed of dates for your consultations when your teacher returns.

Appointments made for Thursday 10th March have now been cancelled for these groups.

MyHappyMind

Please could you let Diane Szanto know if you have made use of the 'MyHappyMind' link/app as a family. Please email; diane.szanto@yorkroad.herts.sch.uk

FOYR would like to ask parents for donations for an Easter raffle.

We will accept anything food /drink/unopened presents. We plan on doing the raffle towards the end of term so we would ideally need donations in by the 21st March.

Can donations be given to your child's keyworker before **Wednesday 17th March.**

Covid Symptoms

Latest Covid symptoms seem to take 4 days to come through on testing. Please keep an eye on your child for symptoms - high temperature, new persistent cough, ask them if they can taste things or watch if they go off their favourite food. Headaches, achy body and cold symptoms are also a sign these days. Keep them off if they are ill. If you need to give your child Calpol or Neurofen, keep them at home. We will continue to wash hand regularly and spray surfaces as we have done since the start of all this 2 years ago.

Please see attachment for details regarding Red Nose Day
