

# When we read together

We share the excitement of discovering amazing books and stories that make us both laugh and cry. Books full of adventure, mystery and magic. Something for everyone

It brings us closer, a special time for listening, talking, bonding and building memories

We can explore the pictures and have fun making up voices for the characters

We can escape into other worlds and leave behind our worries, which is good for our wellbeing

It helps me to learn new words and their meaning which is great for my language development

# Discovering the library together

We can explore thousands of exciting books and our confidence is increased by being able to make our own book choices

Sometimes it is exciting to discover new stories or fact books and to try new things. Sometimes it is comforting to choose favourite books so we can enjoy reading them again

Because we borrow books rather than buy them, any we do not like we can change for different ones to try on our next library visit

We can use the library as our special place to visit again and again and again!

With our library card we can read ebooks and listen to audiobooks for free on the BorrowBox app. It's like having a library at home

**Have fun reading!**
